

I Etude expérimentale des deux sortes d'aspirine:1. Mesure du pH de l'aspirine dissoute:Préparation de  
l'expérience

observations

Aspirine du Rhône

Aspirine pH8

Mesures du pH

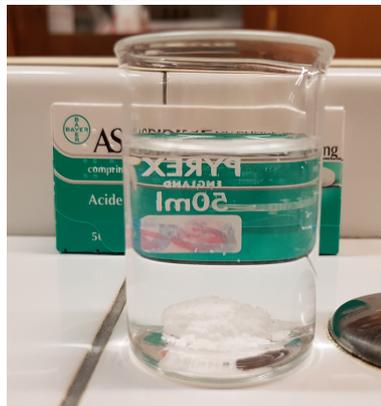

## 2. Influence du pH sur la dissolution des aspirines:

### Expérience avec l'acide Chlorhydrique

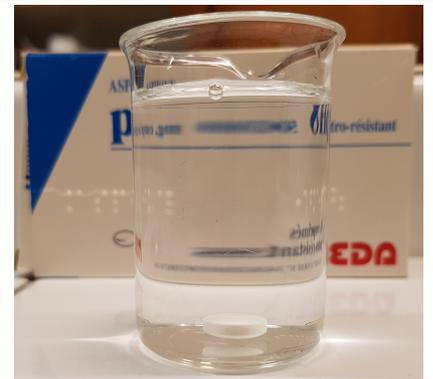

Préparation de l'expérience

observations

Aspirine du Rhône

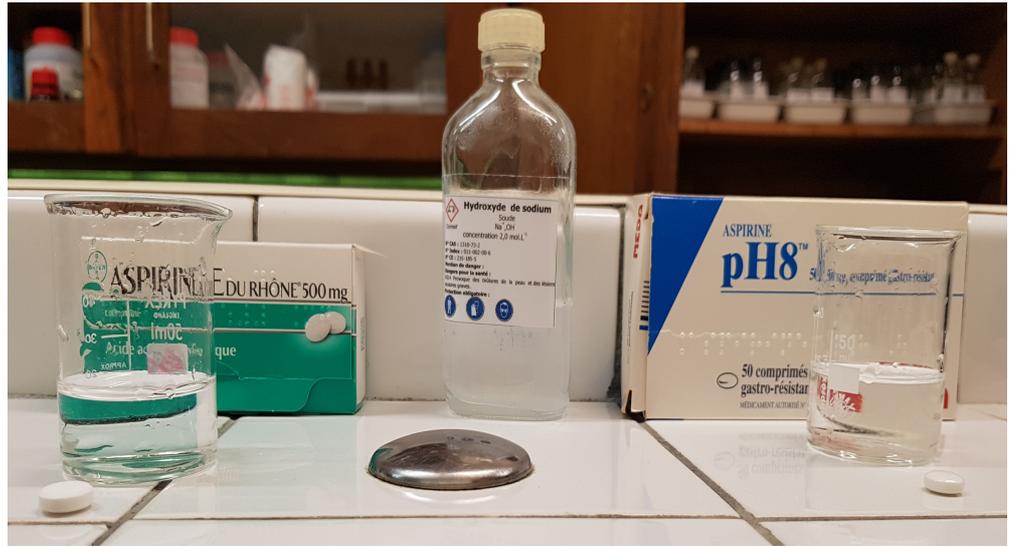

Aspirine pH8

Mesures du pH

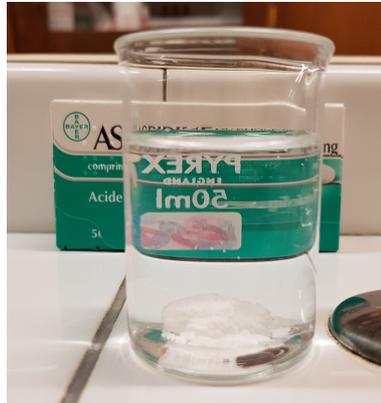

# Expérience avec l'hydroxyde de sodium(=soude)

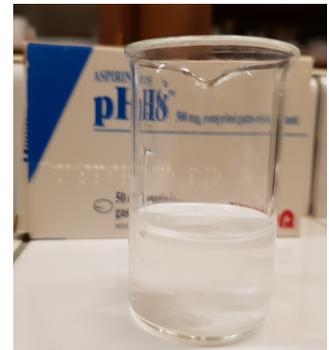

Préparation de l'expérience

observations

Aspirine du Rhône

Aspirine pH8

Mesures du pH
